JOHN TIEDEMANN, Inc.

Church Decorating & Liturgical Design

Welcome to John Tiedemann Incorporated. We have been working closely with churches for over 50 years to help save the high cost of scaffolding and at the same time have put together a top notch Team of Artisans to give the highest quality results. Our Patented "Boom" Technology enables us to supply services to accomplish a complete interior restoration from design to finish stages. Our expertise is unmatched in this field.

History

50+ Years

Church Restoration & Decoration

John Tiedemann was born in New York City in 1906 and worked at St. Michael's Church in Jersey City, for Monsignor McWilliams. In 1953, Monsignor McWilliams approached John, the church needed painting, but they could not afford the scaffolding to access the high ceiling.

John's idea was to construct a boom in the style of equipment sign installers were using at the time. He needed to construct this machine in a smaller, lightweight version, with no counter weights.

John purchased a 1947 "Willie's Jeep" to mount the boom onto and attach his out-rigger system. The machine was finished in late 1954 and was tested for a few months before being put into use.

Equipment

The Boom is a technology developed by John Tiedemann. In 1953 the idea was forced upon him when the cost of scaffolding was too high for most churches to afford. He designed an out-rigger system that many thought would fail. With his determination, he found a company that would construct his plans.

A boom was built on top of a 1947 "Willie's" Jeep that also anchors the out-riggers

Church Restoration

The Tiedemann Team, from design to finish, restored the church to its Baroque glory by using marbledizing, gilding as well as faux painting and finishing.

Mural Restoration

Our skillfully trained artists had to carefully remove improper coatings applied by previous painters not educated in art restoration. The varnishes had to be removed with harsh strippers, inch by inch to ensure not to change the underlying delicate oil painting.
