Design and Performance Leadership

For nine consecutive years, Shaw Contract Group has won a Best of NeoCon award – the most widely respected award for commercial finishes.

FAVORITE CARPET MANUFACTURER

Impressively, for the third facility manager survey in a row, Shaw Contract swept all the carpet categories, going all the way back to 2006— even though it didn’t win a single category in the 2004 survey. InterfaceFlor, Lees and Tandus made the top five in every category. Mohawk’s two other commercial brands, Bigelow and Karastan, also performed well, as did Shaw’s Patcraft and Philadelphia brands.

SERVICE	QUALITY	DESIGN	PERFORMANCE	VALUE
<i>Shaw Contract easily won this category, with Lees, InterfaceFlor and Tandus grouped closely together for the next three spots. Bigelow made the list for the first time.</i>	<i>This was Shaw Contract’s strongest category. Tandus was a distant second with a healthy lead over Lees. Mannington and Karastan received the exact same number of votes.</i>	<i>Shaw Contract also easily won in design, though InterfaceFlor was also strong. Tandus edged out Lees for the third spot, distancing themselves from the rest of the pack.</i>	<i>Shaw Contract was nearly as dominant in performance as it was in quality. Lees edged out InterfaceFlor and Tandus for the second spot. Bigelow made this list for the first time.</i>	<i>Like the other categories, Shaw Contract easily took the top spot for value. Lees held second, joined by Bigelow, and the final grouping all received the same number of votes.</i>
